The Himalayas, abode of snow is considered to be the mystical dwelling of gods. There is a magnetic pull that draws pilgrims and tourists to this place.

When incense is burnt in a particular place and even after its exhaustion, its aroma spreads to its surroundings and remains diffused for a period. Anyone in that atmosphere is influenced by the aroma, so are the Himalayas where Mahatmas, Rishis, Yogis and sages live or have lived in the past is full of spiritual vibrations of their tapas. The mind of every person who goes into spiritual atmosphere is influenced by spiritual divinity. Many such holy pilgrim centres are being visited by pilgrims with utmost regards, honour and devotion to attain spiritual ascent and mental peace ignoring the difficulties and risks involved in the tedious journey.

KAILASH MANASA SAROVARA – A PILGRIMAGE OF A LIFETIME:

Situated in the south-western part of Tibet bordering the Kumaon hills and Nepal, is Mount Kailash. It is supremely sacred mountain, cosmology connected with Mount Meru, the great mythological mountain that forms the axis of this world system. Being a central watershed of Asia, it has always been the most sacred of mountains for Hindus, Buddhist, Jains and Bons. Conventional wisdom says a single circuit of Mt. Kailash wipes out the sins of a lifetime, 108 parikramas guarantees enlightenment. A ritual bath in the sacred Manasarovar lake will deliver a pilgrim to Brahma’s paradise and a drop drink of its water relinquishes the sins of hundred lifetimes.

This region is steeped in religion and mythology and every year hundreds of pilgrims traverse some of the remotest and toughest regions of the Himalayas to pay their obeisance to the Lord. It is a land where Lord Shiva lives with his consort Parvati. According to ancient religious texts, the abode of creator Brahma is called Brahmaaloka, the abode of Lord Vishnu is called Vaikunta and the abode of Lord Shiva is called Kailash. Of the three, one can only go bodily and return in this life from Kailash having experienced divinity.

Hindus believe that Goddess Parvati has taken the form of the Manasarovar Lake and that deliverance is assured for people taking a bath in Manasarovar. It is believed that Gods come to bathe every morning in this lake between 3 to 5 am and this time is called 'Brahmamuhurta'. The word Manasarovar is derived from the Sanskrit word 'Manas' which means mind and legend has it that Lord Brahma created this lake from his mind.

Even though there are many routes to Kailash, three routes are famous for yatris to experience the divinity of Manasa Sarovar & Kailash.
We used to organize this tour with the help of Tibet Tourism Bureau at Lhasa. This is the most opted route for many pilgrims considering from both the health and wealth aspects. Also an opportunity for people who were not selected by the Govt. Route and advantageous for people who want to undertake this yatra with their family, friends and relatives together.

This route used to forbid the negative aspects of the tough terrain of the Govt. Route, starting with Kathmandu Local Sight Seeing and proceeding to the Nepal Border (Kodari) by Bus for a distance of 127 Kms., cross the border completing immigration and quarantine (medical checkup) formalities. There upon the transportation of approximately 850 Kms. was by Bus / 4500cc Japanese Land Cruisers, covering Zhangmu, Nyalam, Saga, Paryang, Horchu, Darchen including Manasa Sarovara Parikrama of 102 Kms. by road.

KAILASH YATRA post EARTH QUAKE
We are all aware that the entire Nepal underwent a catastrophe due to 2015 earthquake. The impact was such that the epicentre was near the Tibet border, Kodari, affecting lives both in Nepal & Tibet. Presently, the Chinese are not allowing the use of Kodari Border for pilgrims and have opened one more border, Kerong since September 2017; in case if the Kodari border is opened, we will plan our overland via Kodari. Presently, we are operating both the OVERLAND TOUR via Kerong & HELICOPTER route via Hilsa detailed as below.

BY OVERLAND (13 Days)
The newly introduced border, Kerong by China requires an arduous road journey in Nepal via Syabrubesi, the journey from Kathmandu takes approx. 8 to 10 hours to cover a distance of 140 kms. because of the existing road condition and the terrain. We will be stopping overnight at Syabrubesi and again at Kerong completing our immigration formalities as well as acclimatizing. We reach our good old route to Saga by Bus and then to the Manasa Sarovar joining the common road of all the routes.
